| <input type="checkbox"/> Check coolant level and pressure | <input type="checkbox"/> Confirm proper air flow |
| | <input type="checkbox"/> Perform visual inspection of entire air conditioner system |

4. REBATE APPLICATION CHECKLIST

This program offers a \$25 rebate for the completion of a professional clean and tune of your central air conditioner. Use this checklist to complete the steps to receive your rebate:

- 1. Read the following terms and conditions to determine if you are eligible for a rebate:
 - Only one service address per application per year. This program is only for existing homes and small commercial customers with split systems under 5 tons (60,000 btu's). New construction is not eligible. Customers are eligible for a tune-up rebate every two years. Customers who have a service agreement with an HVAC dealer are eligible provided that the service contract is provided with the rebate application.
 - The utility reserves the right to apply rebates to past due accounts. Rebates \$75 and under will be applied to your account. Rebates will not exceed the cost of service.
 - Central Air Conditioner Clean & Tune must be performed on equipment connected to an electric service supplied by Austin Utilities, Owatonna Public Utilities, or Rochester Public Utilities and is subject to inspection.
 - The Central Air Conditioner Clean & Tune service must be performed by a bonded heating/cooling contractor. Austin Utilities, Owatonna Public Utilities, and Rochester Public Utilities assume no liability for any incidental or consequential damages resulting from the Central Air Conditioner Clean & Tune service provided by the contractor.
 - The Central Air Conditioner Clean & Tune service must meet the Minimum Service Requirements as specified in this rebate application Section 3 (EQUIPMENT & SERVICE INFORMATION).
 - Due to limited funding, this rebate offer can be withdrawn at any time without notice. Applications will be processed on a first-come, first-serve basis. All applications from the previous year's purchases (2015) must be received by March 31, 2016.
 - Rebates can only be offered on Central Air Conditioner Clean & Tune services that are completed while funding is in effect. In the event our program is discontinued due to depleted funds, we will not provide a rebate for Clean & Tune services completed between the discontinued date and the end of that year.
- 2. Have a Central Air Conditioner Clean & Tune performed by a bonded heating/cooling contractor. The contractor or technician must complete Section 2 (CONTRACTOR INFORMATION) and Section 3 (EQUIPMENT & SERVICE INFORMATION) and sign the rebate application.
- 3. Complete the application, making sure to fill out all required sections in detail. Missing or incorrect information will increase the processing time.
- 4. Include a final, detailed copy of the original service receipt or invoice showing the customer name as well as the date, description, and cost of service.
- 5. Sign the application.
- 6. Mail completed forms and required documentation to your utility provider:
