

SWCE

Residential Central A/C and ASHP Rebate Program

Overview:

In order to generate maximum electric energy savings for the customer, the Central A/C and ASHP Rebate program focuses on *installation* practices. We seek to validate four components for the installation: proper sizing, airflow, refrigerant charge and duct sealing.

Eligibility:

Customer applying for the rebate must reside in SWCE's service territory and receive residential electric service from the cooperative.

Rebate Amounts:

Central A/C		ASHP	
<u>SEER rating</u>	<u>Rebate \$</u>	<u>SEER rating</u>	<u>Rebate \$</u>
14.5-14.9	\$100	14.5-14.9	\$480
15.0-15.9	\$150	15.0-15.9	\$580
16.0+	\$200	16.0+	\$630

**Program Requirements:

In order to receive rebates customers must use a contractor who is currently registered through HVACReduction.net to install qualifying equipment. These contractors have agreed to the terms of the program and passed a test demonstrating their knowledge of quality installation practices.

A list of participating contractors can be found on SWCE's website – www.swce.coop

On the front page click on the header: 'Field Services'.
From the drop down menu click 'Save Money & Energy'.
Under 'Quick Links', click: '*Qualified Installers List*'

**** Your Qualified HVAC installer has access to the rebate forms and will fill it out and submit it to SWCE.**
